23 for each year showing the total time spent by each attorney and paralegal during that year and the
24 year's lodestar calculation for that attorney or paralegal based on the historic billing rates. The
25
26

1 schedule was prepared from contemporaneous daily time records regularly maintained by this
2 firm, which are available at the request of the Court.

Our approach to antitrust matters is decidedly different from other firms because we commonly represent clients – multi-national corporations, small businesses and consumers – on either side of the docket. We are selective in the litigation we pursue and consistently position that litigation for success in the courtroom. We have found this approach yields the best results for our clients, whether at the settlement table or at trial. We carefully consider the objectives and economic realities of each client, looking for the best way to achieve an outcome that meets those needs.

The experience and track record of Zelle Hofmann attorneys in antitrust is recognized in courts across the nation every day. We have recovered billions of dollars for our clients who are plaintiffs, and we have successfully mitigated other clients' most significant exposures. We have substantial experience not just settling antitrust matters, but trying them. Martindale-Hubbell consistently ranks Zelle Hofmann as one of the most active antitrust firms in the United States. Our lawyers are often named to lead counsel positions in class action and multi-district matters, but we are also highly effective in representing antitrust defendants and opt-out plaintiffs.

Zelle Hofmann recognizes that many antitrust matters are increasingly international in scope. We routinely work with clients and foreign counsel in the **United Kingdom, European Union, Canada and China** to coordinate and fully protect our clients' legal and business interests in a global context.

Because of the breadth and depth of our litigation experience, clients often call on us in counseling situations – including consultation on antitrust compliance programs, mergers and acquisitions, and the formation of joint ventures.

Antitrust Cases

Examples of Antitrust Cases

Microsoft Antitrust Litigation. Indirect purchaser antitrust class actions in California, Minnesota, Iowa and Wisconsin alleging that Microsoft has illegally maintained a monopoly in the market for personal computer operating system, word processing and spreadsheet software.

Cosmetics Antitrust Litigation (U.S. District Court, N.D. Cal.; California Superior Court, Marin County). A consumer class action on behalf of California purchasers seeking redress for alleged price-fixing by department stores and manufacturers of high-end cosmetics and beauty products. The case settled for injunctive relief and consideration valued at \$175 million.

Chinese Vitamin C Antitrust Litigation (U.S. District Court, California and Massachusetts State Courts). Zelle Hofmann represents a major Chinese manufacturer of Vitamin C in connection with federal and state antitrust actions filed on behalf of putative classes of direct and indirect purchasers. The federal direct purchaser case was filed in the Eastern District of New York. Indirect purchaser cases have been filed in California and Massachusetts. All of the complaints allege a price-fixing conspiracy among four Chinese manufacturers.

DRAM Antitrust Litigation (U.S. District Court, N.D. Cal.; California Superior Court, San Francisco). Zelle Hofmann is the Court-appointed Liaison Counsel and a member of plaintiffs' Executive Committee, in a nationwide class action brought by indirect purchasers of DRAM. Plaintiffs allege that DRAM manufacturers conspired to fix the prices from April 1, 1999 through December 31, 2002. The class includes purchasers of computers and other products containing DRAM, and seeks injunctive relief and damages under state and federal laws.

Intel Corp. Microprocessor Antitrust Litigation (U.S. District Court, D. Del.). Zelle Hofmann represents consumers in a nationwide class action against Intel on behalf of consumer and business purchasers of x86 microprocessors used in personal computers and other products. The

complaint alleges that Intel abused its dominant position in the x86 microprocessor market by, among other things, engaging in exclusive dealing arrangements with various Original Equipment Manufacturers such as Dell, HP, IBM/Lenovo, and NEC in an effort to lock AMD out of several key market segments. The complaint alleges that as a result of these practices consumers and businesses paid artificially high prices for products containing Intel's x86 microprocessors.

Natural Gas Antitrust Cases (U.S. District Court, D. Nev.; California Superior Court, San Diego). Zelle Hofmann is Co-Lead Counsel in the federal class action and a member of the Executive Committee in the state class action, against marketers of natural gas in California, alleging violations of the Sherman Act, California Cartwright Act and the Unfair Competition Act. The actions are brought on behalf of direct and indirect persons and entities in California who purchased natural gas between January 1, 2000 and December 31, 2001, i.e., during the California Energy Crisis. The actions allege that, among other things, the defendants and their co-conspirators engaged in a variety anticompetitive practices which raised interstate natural gas transportation prices, the bundled price of natural gas, spot natural gas prices, and natural gas market basis swap derivative settlement amounts in and for California.

New Motor Vehicles Canadian Export Antitrust Litigation (U.S. District Court, D. Maine). Zelle Hofmann represents plaintiff new car buyers against the major new car manufacturers, alleging a conspiracy to prevent lower-cost new cars from being exported from Canada to the United States, thereby causing higher prices for new cars in the United States. The firm is Liaison Counsel in the California state court action, which is coordinated with a nationwide federal action pending in the United States District Court in Portland, Maine.

Diamonds - Sullivan et al. v. DeBeers et al. (U.S. District Court, D.N.J.). Zelle Hofmann represents consumers in a class action lawsuit brought on behalf of purchasers of diamonds and diamond jewelry in the United States, alleging that the De Beers group of companies unlawfully monopolized the gem diamonds market. The court approved a class action settlement on April 14, 2008. The settlement created a \$295 million Settlement Fund for resellers

and consumers who purchased diamonds from January 1, 1994 through March 31, 2006. In addition, as part of the settlement, De Beers agreed to a stipulated injunction, which provides that De Beers will abide by federal and state antitrust laws, will not engage in certain specific conduct to control prices or restrict supply, and will submit to the Court's jurisdiction for the purpose of enforcement of the injunction.

TFT-LCD (Flat Panel) Antitrust Litigation (U.S. District Court, N.D. Cal.).

Zelle Hofmann serves as the court-appointed Co-Lead Counsel representing a nationwide class of indirect purchasers of LCD products, such as flat panel televisions and computer monitors, in this multi-district antitrust class action filed against the world's leading manufacturers of thin-film transistor liquid crystal display (TFT-LCD), and alleging that these companies engaged in a conspiracy to artificially inflate the prices of their LCD products.

Linerboard Antitrust Litigation (U.S. District Court, E.D. Pa.).

Zelle Hofmann represented, as opt-outs, three major international food manufacturers in this federal antitrust action against integrated manufacturers of linerboard, corrugated medium, and corrugated containers. Recoveries exceeded the class action settlement value.

Smokeless Tobacco Antitrust Litigation (California Superior Court, San Francisco). Plaintiffs have obtained final approval of a \$96,000,000 settlement in the Smokeless Tobacco Antitrust Litigation pending in the California Superior Court in San Francisco, California. Zelle Hofmann served on the Executive Committee, and was extensively involved in all aspects of this case. The settlement provides \$96 million in cash to pay to a class of California indirect purchasers of moist snuff products which alleged that U.S. Smokeless Tobacco monopolized the moist snuff market and engaged in restrictive and exclusionary acts during the time period 1990 to the present in violation of California state antitrust laws.

EPDM Antitrust Litigation (U.S. District Court, D. Conn.). Zelle Hofmann represented a large corporate plaintiff which opted out of a class settlement and pursued separate litigation in connection with an alleged conspiracy to fix prices and allocate market shares by manufacturers of EPDM, a synthetic rubber product.

Brand Name Prescription Drugs Antitrust Litigation (U.S. District Court, N.D. Ill.). A federal antitrust action by plaintiff classes of retail pharmacists alleging price fixing of brand name prescription drugs by two dozen of the world's largest pharmaceutical manufacturers and wholesalers. The class obtained over \$700 million in settlements, plus commitments with respect to future pricing practices.

Carbon Black Antitrust Litigation (U.S. District Court, C.D. Cal., California Superior Court, San Francisco). A class action brought against producers of carbon black, an engineered carbon compound, alleging violations of the California Cartwright Act and the Unfair Competition Act. The action alleges that, among other things, the defendants and their co-conspirators conspired and engaged in price-fixing, market allocation and other anticompetitive practices which raised carbon black prices in California. Zelle Hofmann was the court-appointed Co-Liaison counsel for the state court plaintiff class and a member of the plaintiffs' executive committee.

Vitamins Antitrust Litigation (U.S. District Court, D.D.C.). Zelle Hofmann represented a major international food manufacturer in a federal antitrust action against domestic and foreign manufacturers of bulk vitamins, vitamin premixes and other vitamin products used in the manufacture of food products. The complaint alleged that the manufacturers violated U.S. antitrust laws by, among other things, conspiring to fix prices, allocate sales and allocate customers. The matter was settled on a highly favorable basis to our client, for significantly more money than could have been achieved through the class action.

UK Cartonboard Matter (High Court of Justice, London). A private antitrust action in the United Kingdom on behalf of an international food manufacturer alleging price fixing by suppliers of packaging materials. Kellogg of Great Britain's claims related to the defendants' participation from mid-1986 until at least April 1991 in a European Community-wide price-fixing conspiracy, as a result of which Kellogg alleged that it was charged excessive prices for cartonboard. Zelle Hofmann negotiated a favorable settlement on its client's behalf.

Air Cargo Shipping Services Antitrust Litigation (U.S. District Court,

E.D.N.Y.) Zelle Hofmann represents a nationwide class of indirect purchasers of Air Cargo shipping services in this multidistrict class action.

Zelle Hofmann attorneys have represented classes of consumers, investors, and businesses and have also defended corporations in class actions in many areas of the law, including antitrust, securities fraud, financial services, consumer rights, unfair competition, unfair business practices, product liability, mass tort, property rights, and ERISA claims.

Our practice is unusual because we have a significant practice on both sides of the aisle. This experience gives us a unique perspective and insights on approaching cases. While a significant portion of our class action cases are part of multi-district litigation proceedings, we are also commonly involved in state court class actions across the country.

Class Action Cases

Examples of Class Action Defense Cases

Flores v. Chevron Corp. (California Superior Court, Los Angeles). Zelle Hofmann is defending ConocoPhillips in a class action case involving claimed violations of California's Song-Beverly Credit Card Act, arising from the practice of requesting cardholders' zip codes in connection with pay-at-the-pump credit card transactions.

Leeseberg v. Converted Organics Inc. (D. Del.). Zelle Hofmann is defending a manufacturer of organic fertilizers in a class action lawsuit for breach of contract and other common law claims pending in federal court in Delaware. Plaintiff alleges that Converted Organics breached a Financing Terms Agreement, and that investors were damaged because they were precluded from selling securities of the company as a result. Converted Organics successfully defeated plaintiff's motion for class certification.

Motor Fuel Temperature Sales Practices Litigation (MDL No. 1840, D. Kan.). Zelle Hofmann is defending ConocoPhillips in this consumer class action involving claimed violations of consumer protection statutes and various common law claims under the laws of 25 states. In this multidistrict litigation pending in federal court in Kansas, plaintiffs allege that it is deceptive to sell motor fuel at retail in uniform volumetric gallons without adjusting for the effect of temperature on the energy content of the fuel.

Chinese Vitamin C Antitrust Litigation (MDL No. 1738, E.D.N.Y.). Zelle Hofmann represents a major Chinese manufacturer of Vitamin C in this multidistrict litigation pending in federal court in New York. The case involves antitrust actions filed on behalf of putative classes of direct and indirect purchasers of Vitamin C. All of the complaints allege a price-fixing conspiracy among four Chinese manufacturers.

Alvarez v. Chevron Corp. (C.D. Cal., Ninth Circuit Court of Appeals). Zelle Hofmann is defending ConocoPhillips in this case involving claimed violations

of California's Consumers Legal Remedies Act, Unfair Competition Law and False Advertising Law, as well as common law claims. These claims arise from dispensing practices at retail service stations involving multi-grade, single hose dispensers.

Smith v. Kellogg Company (Superior Court of California, Orange County). Zelle Hofmann defended Kellogg Company in this class action case involving claimed violations of California's Consumers Legal Remedies Act and Unfair Competition Law arising from alleged misleading or deceptive statements in connection with a video game promotion.

Rick handles a variety of complex litigation matters in state and federal courts across the country. These matters, primarily in the areas of antitrust, financial institutions, insurance coverage, commercial and securities litigation, involve high dollar exposure, and often multiple parties.

In the antitrust arena, Rick has defended and prosecuted numerous antitrust actions. He has been co-lead counsel in the only two indirect purchaser antitrust lawsuits against Microsoft Corporation that went to trial. In 2004, after seven weeks of trial, Rick reached a \$182 million settlement with Microsoft Corporation on behalf of Minnesota businesses and consumers. In November 2006, Rick was co-lead counsel in another class action trial against Microsoft in Des Moines, Iowa, which settled in February 2007 for \$180 million. Rick also led a third consumer class action against Microsoft in Wisconsin, which settled in 2007 for \$224 million.

In the insurance coverage arena, Rick has been national litigation counsel for environmental claims for a major property and casualty insurer. In addition, Rick has advised insurers on regulatory matters.

In the commercial arena, Rick has represented both plaintiffs and defendants in banking, RICO, unfair trade practices, securities, securities lending, and intellectual property litigation.

Rick has been named a Minnesota Attorney of the Year. Rick is the 2012 Chair of the Fund for Legal Aid. Rick also serves on the Board of Trustees for the S.J. Quinney College of Law, University of Utah.

With a practice devoted entirely to complex litigation – primarily in the area of antitrust and unfair competition – Judith is a trusted advocate for clients in high-stake cases. Her representative matters include price-fixing and monopolization claims, which often have an international component, as seen in *In Re Lithium Ion Batteries Antitrust Litigation* (N.D. Cal.), *In re TFT-LCD (Flat Panel) Antitrust Litigation* (N.D. Cal.), *In re Cathode Ray Tube (CRT) Antitrust Litigation* (N.D. Cal.) and *In re Intel Corp. Microprocessor Antitrust Litigation* (D. On the *LCDs* lead counsel team, Judith managed all key aspects of the *LCDs* case—the nation's largest indirect-purchaser antitrust class action—and achieved a record-breaking \$1.082 billion all-cash settlement on behalf of consumer class members. Her experience leading *LCDs* and other cases has given her a firm handle on how to overcome complex legal challenges, work effectively with economic and industry experts, and master complicated electronic discovery issues.

In *Lithium Ion Batteries*, the Court recently appointed Judith as the Interim Liaison Class Counsel for Direct Purchaser Plaintiffs.

Her experience also includes successfully defending against individual price discrimination claims on behalf of a national pet products retail chain and a major oil company.

Since 2011, Judith has served as the Chair of the Antitrust Section of the Bar Association of San Francisco, and has been twice selected to participate in the American Bar Association Antitrust Section's International Civil Redress Task Force.

A native San Franciscan, Judith is the Hiring Partner for the firm's San Francisco office. She also serves on the firm's Diversity Committee and is a national board member of the Women in Law Empowerment Forum (WILEF).

**DECLARATION OF DANIEL J. MOGIN IN SUPPORT OF
INDIRECT PURCHASER PLAINTIFFS' MOTION FOR AN AWARD OF
ATTORNEYS' FEES AND REIMBURSEMENT OF EXPENSES**

I, Daniel J. Mogin, declare as follows:

1. I am the Managing Attorney of the firm The Mogin Law Firm, P.C., which is Co-Lead Counsel for the Indirect Purchaser Plaintiffs ("IPPs") in this litigation. I submit this Declaration in support of IPP Counsel's application for an award of attorneys' fees in connection with services rendered in the above action and IPP Counsel's separate application for reimbursement of expenses related to the investigation, prosecution, and settlement of claims in the course of this litigation, and for incentive awards. I have personal knowledge of the facts stated in this declaration, and, if called as a witness, I could and would testify competently to them.

2. This firm has substantial experience in antitrust cases, including both class actions and private cases, and other types of class actions and complex litigation. We have litigated numerous indirect purchaser antitrust class actions such as this one. We have served as a Lead or Liaison counsel or as a member of Executive or Steering Committees charged with overall

responsibility for prosecution of class actions on behalf of class members, including in both direct and indirect purchaser antitrust cases. A firm biography and the biography of each attorney currently employed with the firm who has worked more than twenty hours on this case are attached hereto as Exhibit 1.

3. The firm kept files contemporaneously documenting all time spent, including tasks performed, and expenses incurred. All of the time and expenses reported by the firm were incurred for the benefit of the IPPs. The firm's compensation for services rendered in this case was wholly contingent on the success of this litigation, and was totally at risk. While the firm devoted its time and resources to this matter, it has foregone other legal work, including hourly work, for which it would have been compensated.

4. The total number of hours spent on this litigation, from inception, by attorneys and paralegals at this firm has been 9446.20. Time spent preparing the fee petition and related documents is not included. See Exhibit 2.

5. The total lodestar for this time, calculated at the firm's current hourly rates, is \$4,778,783.75, and its total lodestar calculated at historic hourly rates during the litigation is \$3,704,443.75. These hourly rates are the same rates as were charged to the firm's hourly clients.

6. Attached hereto as Exhibit 2 is a summary schedule showing the total time spent by each attorney and paralegal of this firm during the entire litigation, with the lodestar calculation for each attorney at both historical rates and current rates, and also detailed schedules for each year showing the total time spent by each attorney and paralegal during that year and the year's lodestar calculation for that attorney or paralegal based on the historical and current

billing rates. The schedule was prepared from contemporaneous time records regularly maintained by this firm, which are available at the request of the Court.

7. This firm has expended a total of \$360,386.87 in non-reimbursed expenses in connection with the prosecution of this litigation. These expenses are summarized as follows (see Exhibit 3):

<u>EXPENSE</u>	<u>AMOUNT</u>
Court Fees and Service of Process	\$1,208.50
Expert Services	\$5145.00
Postage/Express Delivery	\$2,467.79
Court Reporters/Transcripts	\$1,156.66
Investigation	\$946.90
Computer Research (Lexis, Westlaw, etc.)	\$1,232.60
Photocopies – In House	\$3,916.52
Photocopies – Outside	\$1,975.23
Telephone/Facsimile	\$6,134.07
Travel: Air Transportation, Ground Travel, Meals, and Lodging	\$49,342.87
Assessments paid to Common Litigation Fund	\$285,000.00
Meeting Expenses	\$1,860.73
TOTAL EXPENSES:	\$360,386.87

8. The expenses incurred pertaining to this case are reflected in the books and records of this firm maintained in the ordinary course of business. These books and records are prepared from expense vouchers, invoices, check records and similar items, and are an accurate record of expenses incurred. Attached hereto as Exhibit 3 are schedules detailing all of these expenses.

9. In the almost eleven years between the filing of the first complaints in this action, the final settlement with Hitachi in June 2012, and the Special Master's recent Reports and Recommendations regarding the settlements and class certification, IPP Counsel have devoted extraordinary effort and resources on behalf of the IPP class members.

10. Beginning in the spring of 2002, this firm conducted a pre-filing investigation of potential price-fixing of DRAM and prepared our client's initial complaint, which was filed in California state court on September 6, 2002¹, and which was among the first IPP class action complaints filed in the nation.

11. On or about September 16, 2002 we petitioned the California Judicial Counsel to coordinate our client's case. Subsequently, the *Lastra* action was coordinated with a total of seven cases that had been filed in California state courts as Coordination Proceeding Special Title *DRAM Cases*; JCCP No. 4265 and assigned to the Honorable Richard A. Kramer in the Complex Litigation Department of the San Francisco Superior Court ("JCCP Matter"). This firm, along with The Law Offices of Francis O. Scarpulla, acted as *de facto* lead counsel along with the appointed Co-Liaison counsel firms, Gross & Belsky LLP and Cooper & Kirkham, helping to coordinate and supervise work and ensuring that the litigation was conducted effectively, efficiently and equitably and that unnecessary work and redundant expenditures were avoided. In fact, our firm ultimately engaged in virtually every aspect of prosecuting the California cases with the Gross & Belsky, Cooper & Kirkham and Scarpulla firms.

12. Thereafter, negotiations began with defendants' counsel to commence discovery and set a schedule for further proceedings. That schedule was presented to the Court in August 2003, and provided, *inter alia*, for the defendants to produce grand jury documents, and to proceed with written discovery and depositions in the JCCP Matter consistent with the Order Limiting the Scope of Discovery that had been entered in April 2003, in the federal direct

purchaser actions. The schedule also provided for the filing of an amended and consolidated complaint in the JCCP Matter. On October 15, 2003, Co-Liaison Counsel filed a Consolidated Amended Class Action Complaint (“CAC”) on behalf of a nationwide class of non-governmental indirect DRAM purchasers. This firm took part in the efforts to commence discovery and in the drafting of the CAC and also began working on issues involving expert witnesses in anticipation of class certification.

13. Motion practice and discovery continued in the JCCP Matter through 2004 and into 2005. On February 18, 2005, the Class Action Fairness Act (CAFA) was enacted, creating federal class action diversity jurisdiction. See 28 U.S.C. 1332(d). Shortly thereafter, the defendants began threatening to test CAFA’s scope by removing the state court actions to federal court. In addition, cases were beginning to be filed in state courts around the country. Many of these cases had been filed after CAFA’s enactment and appeared to satisfy the requirements for removal. In order to facilitate the global litigation and resolution of the claims of the nationwide class of purchasers alleged in the JCCP Matter, on June 17, 2005, my firm along with other counsel in the JCCP Matter, elected to request Judge Kramer stay the state court actions and filed a complaint in this court, captioned, *Petro Computer Systems, Inc. et al. v. Micron Technology, Inc., et al.* C 05-0247 (*‘Petro’*).² That complaint alleged violations of federal and various state antitrust and consumer protection laws on behalf of a nationwide class of indirect purchasers and sought equitable relief and damages.³ That action was ultimately assigned to the Honorable Phyllis Hamilton, coordinated with the direct purchaser actions in MDL No. 1468, and designated as the operative complaint for all indirect purchasers before this Court.

² The JCCP Matter remains active although stayed and the Superior Court is kept apprised of the status of the MDL Proceeding through the filing of regular Case Management Conference Statements. They are among the cases that will be dismissed upon final approval of the settlements by this Court.

³ Our original client in the *Petro* case is class representative, Johnson & Jennings, a leading San Diego-based general contracting firm specializing in tenant improvement and commercial construction that was founded in 1981. We also represent plaintiff Robert Cademy, who was added in the Second Amended Complaint.

14. Pursuant to this Court's August 16, 2005, "Order re Indirect Purchaser Plaintiffs" (Dkt. No. 526), The Mogin Law Firm, P.C. was appointed one of four Co-Lead Counsel for the indirect purchaser plaintiffs in MDL 1468. (See also Dkt. 572).

15. As used herein, "the litigation" or "this litigation" encompasses both the California state court JCCP Matter and the federal MDL No. 1468 proceedings.

16. This firm, together with the other five IPP leadership firms, has been extensively involved in the leadership, as well as the day-to-day activities, in all aspects of this litigation on behalf of the IPPs, including by performing the following work:

- Organized the consolidation of all California IPP cases in San Francisco, and served as the leadership of the California IPP cases;

Scarpulla (succeeded by Zelle, Hofmann, Voelbel, Mason & Gette LLP), and Chair of the Plaintiffs' Executive Committee Gross & Belsky LLP (succeeded by Gross Belsky Alonso LLP);
- With this leadership, established a method for funding the litigation, and managed counsel so that the work was performed effectively and efficiently;
- Oversaw, managed, and participated in the coordinated efforts of all discovery, including document productions, written discovery, data productions, third-party discovery, depositions and discovery motions;
- Supervised and participated in the propounding of discovery requests to defendants;
- Supervised and participated in meet and confers with the defendants concerning document production and other discovery issues;
- Supervised, organized, and participated in the electronic document review of over four million pages of documents produced by defendants and numerous third parties, some of which were in foreign languages and which needed to be translated, including developing a document review approach using a then-groundbreaking electronic document depository and electronic search;

- Supervised and participated in the service of subpoenas on over 30 third parties, negotiated with the third parties concerning their responses and productions, and reviewed and analyzed the third-party information obtained;
- Supervised and participated in all aspects of the work with the IPP expert economists, including for class certification, liability, impact and damages and marshaling in discovery and through other channels that necessary market, the sales and transactional data;
- Supervised and participated in the depositions of over 100 witnesses from defendants and third parties in this country and in Asia;
- Supervised and participated in the production of documents on behalf of the named plaintiffs in the lead *Petro* case, as well as the defense of the depositions of these class representatives;
- Supervised and participated in the drafting and argument of the IPPs' opposition to defendant's motion for judgment on the pleadings;
- Supervised and participated in the preparation of a Second Amended Complaint in response to the Court's ruling granting defendants' motion for judgment on the pleadings;
- Supervised and participated in the drafting and argument of the IPP's opposition to defendants' motion to dismiss the Second Amended Complaint;
- Successfully moved for and obtained permission from the Court to file an interlocutory appeal with the Ninth Circuit and then successfully petitioned the Ninth Circuit for permission to appeal the Court's ruling granting defendants' motion to dismiss the Second Amended Complaint;

- Supervised and with Gross & Belsky had primary responsibility for the preparation of the opening and reply briefs in support of the Ninth Circuit appeal;
- Assumed primary responsibility for supervision and preparation of the IPP's motion for class certification, including the preparation of the two expert reports submitted in support of the motion;
- Assumed primary responsibility for supervision, preparation and defense of the depositions of the two IPP experts, and in taking the deposition of defendants' expert, as part of the class certification process;
- Assumed primary responsibility for monitoring of expert reports and depositions in the direct purchaser action;
- Engaged in settlement discussions with various defendants in early 2006, which led to settlements with Samsung and Winbond in early 2007;
- Participated in numerous mediation sessions with Judge Daniel J. Weinstein and direct negotiations with the remaining defendants, resulting in a settlement with the remaining defendants in December 2010;
- Supervised and participated in the negotiations with three other DRAM manufacturers – Toshiba, Mitsubishi and Hitachi – that had not been named as defendants, but had entered into tolling agreements with the IPPs, which led to settlements with these three DRAM manufacturers in December 2011 and July 2012;
- Supervised and participated in the negotiation and preparation of the settlement agreements for each of the settlements;

- Engaged in extensive post-settlement proceedings before the Special Master to address the fairness of the settlements, class certification, allocation of the settlement proceeds, and notice issues, including the preparation and submission of expert reports and extensive briefing on these issues and other issues.

I declare under penalty of perjury under the laws of the United States of America that the foregoing is true and correct to the best of my knowledge, information, and belief.

We think business.

Dudley Godfrey and Jerry Kahn started practice together in 1957 with a simple idea: think like a business person and judge your success by the success of your clients. Dudley and Jerry's partnership has grown into today's Godfrey & Kahn, a team of more than 180 attorneys in six offices: Milwaukee, Madison, Appleton, Green Bay and Waukesha, Wisconsin; and Washington, DC.

For more than 50 years Dudley and Jerry's simple idea has animated our practice of law. We serve our clients first by understanding their business, their goals, and their specific needs. Our goal has always been to provide smart, practical solutions to real-world problems, and this perspective will guide us and you into the 21st century.

What makes Godfrey & Kahn special is our commitment to five core values, each of which Dudley and Jerry instilled in their partners, and which are now passed on to each new member of the team: a powerful focus on *client success*, a *trust* in each other to give our best and do what's right, a culture of *teamwork* that helps us achieve more together than any of us could alone, and *work ethic* and a sense of *integrity* that makes success both possible and satisfying.

These core values make Godfrey & Kahn a great place to work, and a great firm to work with.

Kevin J. O'Connor

Kevin O'Connor is chair of the Antitrust and Trade Regulation Practice Group and has offices in both Madison and Milwaukee. He has more than twenty years of experience in antitrust, trade regulation, and consumer litigation and counseling.

Before joining the firm, he served as the Assistant Attorney General in charge of antitrust enforcement and head of the Office of Consumer Protection and Antitrust in the Wisconsin Department of Justice. During his tenure in government, Kevin chaired the National Association of Attorneys General's (NAAG) Multistate Antitrust Task Force. He led multistate working groups litigating cases involving resale price maintenance, insurance boycotts, mergers, price-fixing, complex indirect purchaser litigation and exclusionary practices. He was also lead state counsel in the case brought by 19 states and the US-DOJ against Microsoft. He has also litigated criminal bid-rigging cases in state court. His experience encompasses industries as diverse as health care, high technology and intellectual property, vitamins, electric utilities, cattle dealers, retail distribution, telecommunications and many others.

Applying his extensive experience and doctorate in economics, Kevin co-authored the Horizontal Merger Guidelines (1993) (Ant. Trade Reg. Rep. (CCH) ¶ 13,406) and the Vertical Restraints Guidelines (1994) (id. at ¶ 13,400) of the National Association of Attorneys General. In addition, for over a decade, he has worked closely with his counterparts in the federal antitrust enforcement agencies on both merger and non-merger matters. In particular, he developed the Protocol for Coordination in Merger Investigations Between the Federal Enforcement Agencies and State Attorneys General, adopted by the States, the FTC and US-DOJ in 1998 (id. at ¶ 13,420) which governs federal and state investigations of mergers and acquisitions.

Kevin has handled a number of merger matters with the federal agencies and with the other state attorney general offices. His experience complements the extensive mergers and acquisition practice for which Godfrey & Kahn is well known.

Kevin has been particularly active in product distribution and marketing issues concerning a wide array of industries. He has litigated numerous cases involving resale price maintenance, minimum advertised price arrangements and other matters raising vertical issues. These cases concerned a wide variety of industries including, for example, consumer electronics, toys, farm chemicals, cable television, computers and computer software, compact disks, and shoes. He has represented both plaintiffs and defendants in these matters. His authorship of the only existing set of vertical restraint guidelines (id. at ¶ 13,400) provides him with unique insights on distribution and marketing issues. He is a frequent speaker on these topics.

Kevin is also well known in the healthcare industry in Wisconsin and nationally. He has successfully litigated several significant health care antitrust matters in Wisconsin and has been a national spokesperson on health care antitrust enforcement issues. Just a few examples include his successful resolution of a hospital merger case in southeastern Wisconsin, a multispecialty physician practice merger between Marshfield Clinic and Wausau Medical Center, and a non-merger conduct matter involving the Wisconsin Chiropractic Association. He has also litigated generic drug damage claims against various drug companies involving the intellectual property/antitrust interface on behalf of state agencies and end-users. Kevin has worked with his counterparts in the federal agencies on these and other matters. He has also extensive health care antitrust counseling experience with various state agencies. He has also served as a national spokesperson regarding health care antitrust and trade regulation issues.

Kevin has also been involved in antitrust issues and consumer issues involving a number of other industries too numerous to mention here. In cases as diverse as Microsoft and the generic drug litigation, he has successfully litigated issues concerning the interface between intellectual property rights and the antitrust laws. He has developed an acute awareness of the antitrust risks inherent in IP licensing practices and the settlement of IP litigation. This expertise complements the extensive IP litigation and counseling practice at the firm.

Kevin was also a leader in the seminal *Hartford Fire Ins. Co. v. Cal.*, 509 U.S. 764 (1993) concerning claims that U.S. and international reinsurers boycotted certain lines of property and casualty business insurance. He has also worked closely with the Wisconsin Office of the Commissioner of Insurance and has served as the Attorney General's representative on the Wisconsin Insurance Security Fund Board. He has also authored amicus briefs such as the brief filed on behalf of 36 states in the U.S. Supreme Court in the *FTC v. Ticor Title Insur. Co.*, case resulting in a holding that state regulators did not regulate title insurance actively enough to give the insurers immunity from the antitrust laws. His experience complements the firm's extensive insurance litigation and regulatory practice.

Kevin has spoken and written extensively on various areas of antitrust law. He has commented
